

## **CHAPTER 9**

### **MINING DISTRICT**

#### **900. Purpose**

#### **901. Principal Uses**

#### **902. Bulk And Area Requirements**

##### **SECTION 900. PURPOSE**

The purpose of the (M) Mining District is to encourage and facilitate the mining and quarrying of minerals other than oil or gas. For oil and gas extraction and related information see Section 1531.

##### **SECTION 901. PRINCIPAL USES**

The principal uses permitted in the (M) Mining District are as follows:

- A. All uses permitted in the AI District, as regulated therein and mining and related services per Use Unit 25, Mining and Mineral Processing; and
- B. Uses permitted by Right shall include Use Unit 25, Mining and Mineral Processing to include the processing of mineral products and the mining, quarrying, or extraction of, including, but not limited to, coal, ore, stone, sand, gravel, clay or earth. However, those uses included in Section 1531, Oil and Gas Extraction, are specifically excluded from this Use Unit and the (M) Mining District.

##### **SECTION 902. BULK AND AREA REQUIREMENTS**

The Bulk and Area Requirements in the (M) Mining District shall be the same as the (AI) Agriculture Industrial District and the AO Agriculture Open Space District (see Tables 3-3 and 3-4).
